About Me

I have over 2 years of experience as a software engineer specializing in Front-End development. I enjoy tackling new challenges and providing innovative solutions. As a collaborative team member, I prioritize attentive listening and effective communication. Additionally, qualities such as organization, time management, avoiding distractions, focusing on tasks, commitment, and responsibility are of utmost importance to me.

Experience

Front-End Developer
Freelance

Sep 2022 - Present

Real Estate
This project has been developed using the Next.js framework, which includes filtering properties by property type, property details, admin panel, and responsive design for a better user experience.

Skills: Next.JS, REST API, TailwindCSS and shadcn/ui

BotoBlog
It is developed using the React.js library and functions as a blog featuring diverse articles and their authors, accompanied by a responsive design.

Skills: React.JS, GraphQL and TailwindCSS

Ryan Davis Portfolio
This is a portfolio website developed using the Next.js framework. Its key features include responsiveness, attention to visual details, and animations to provide an optimal user interface.

Skills: Next.JS, TailwindCSS and shadcn/ui

ZarinPal
The main page of ZarinPal's website has been created using HTML, CSS, and JavaScript.

Skills: HTML & CSS, JavaScript and TailwindCSS
